

FARGO[®] C50 Card Printer Value System - STANDARD

Cost-effectively print high-quality cards and IDs.

Introducing HID Global's FARGO[®] C50 Card Printer Value System - STANDARD, the ideal choice for businesses, schools and government agencies that require a cost-effective and simple solution for printing their own employee ID, loyalty, payment or membership cards with simplicity. The system includes all the necessary elements needed to begin printing cards in minutes and can easily integrate with nearly any card personalization software on the market today.

The C50 Card Printer Value System - STANDARD includes the sleek C50 Card Printer with a user-friendly design, a two-year manufacturer's warranty, color ribbon - EZ (100 cards), UltraCard[®] Premium PVC cards (100 cards), and USB cable.

A simple and affordable package to jump-start card production.

By combining all the elements needed to print cards, the C50 Card Printer Value System - STANDARD provides an affordable solution and simplifies the purchasing decision and ordering process with a single part number. All components of the system work seamlessly together, ensuring an excellent user experience and the ability to quickly begin printing cards.

An easy-to-integrate system supports card personalization.

The C50 Card Printer Value System - STANDARD easily integrates into any card personalization software on the market today, using either a Windows[®], MAC or Linux print driver or via the FARGO Software Development Kit (SDK).

Outstanding reliability keeps you up-and-running

Experience outstanding performance and unrivaled quality from HID Global[®], the leading brand in card issuance. The C50 Card Printer Value System - STANDARD combines proven elements to deliver a reliable solution for printing cards anytime, anywhere. The package options include:

- An easy, all-in-one printer ribbon and card cleaning cartridge to simplify the ribbon loading process.
- Edge-to-edge printing in full-color or monochrome.
- An intuitive user interface, providing instant system status updates with color-changing buttons.
- Swift ID[®] badge application to help create ID badges in seconds without having to install any additional software.
- FARGO Workbench[™] printer maintenance and diagnostic software for added printer reliability.
- Expert online and phone support, from ordering to installation and daily use.

Make great-looking ID cards right from the box with the FARGO[®] C50 Card Printer System - STANDARD.
