MODEL M260

The Affordable 2D and Magstripe Reader for Age/ID Verification

Standard Product Features

- High Performance 2D (PDF 417) Barcode Reading
- Built-in Three Track Magnetic Stripe Reader
- Small Footprint and Easy Operation
- Read AAMVA Standard Cards
- Compatible with Kiosk Assembly

The Model M260 incorporates a magnetic stripe reader with advanced technology 2D barcode reading capability. It can read any government issued ID card with magnetic stripe information and/or 2D barcodes. This creates a reliable and affordable business solution for Age Verification and transaction processing.

The data is also transferred to the host device via a standard USB interface or RS-232 serial port. In addition to the standard side access cable interface connector, the Model M260 has incorporated a bottom mounted interface connector, making it an ideal solution for kiosk application environments.

Ideal For:

Nightclubs, Bars, Casinos, Hotels, Law Enforcement, Patient Registration and Access Control. The Model M260 can be used anywhere your application requires reading an ID or Drivers' License.

Age Verification

Law Enforcement

Patient Check-in

Casino & Gaming
