

Pre-Printed Card Information

- ▶ The minimum order for pre-printed cards is 500.
 - 500 3-up key tag cards = 1,500 total key-tags
 - 500 2-up key tag cards = 1,000 total key-tags
- ▶ We are not able to provide cards that are exactly 10 mil; rather, they will be 12-13 mil.
- ▶ Printing can only be done on the front side of adhesive-backed cards.
- ▶ All adhesive-backed cards are between 10 and 14 mil thick, allowing them to be feed into a card printer for over-printing.
- ▶ Please note that metallic colored core cards and non-metallic colored core cards are priced differently.
- ▶ Cards come standard CR8030 size (3.375" x 2.125", 30 mil). Please contact your account manager for additional card size options.
- ▶ The composite cards we quote are 60% PET / 40% PVC (60/40) composition. Please ask your account manager about other card compositions available if needed.
- ▶ All pre-printed cards are printed with a protective lamination on them. If you will be over-printing your cards (printing additional information over the top of your pre-printed cards), please be sure to select "yes" on the Pre-Printed Cards Quote Form page of this PDF.
- ▶ Pre-printed cards may be personalized by over-printing them with any of our card printers.

Have questions, or don't see exactly what you need?

Contact your account manager for additional card options, including card security, card technology, and other cards features such as:
